Little League Organization Gets Work Committees

County Line To Section Five

Is Area Included With 175 Kids

One hundred and seventy-five little league Americans in any 300,000-acre lot would cause a commotion, and when those youngsters are between eight and twelve and they sense an opportunity to play organized baseball — well something has just gone haywire, and it DID.

Some thirty odd folks met at the Prison Farm Tuesday night for further discussion and Paige Chaste, acting president, appointed several committees with instructions to report back at the meeting at the same place next Tuesday night.

It was decided to have the organization and activity include the area from Runyan around to County Line for with 175 kids of age in the Belle Glade School, the Ocala school, just South Bay will give it, it is estimated more than 175 of eligible age.

The following are the Committees:

Nomination: Vernie Boots, E. F. McAllister and Mark Chalkin.

Field, lights, backdrop and bleachers: Richmond, Hobson and McKee.

Team Manager and Coaches: Hotard, Aspey, Farmer and Matthews.

Equipment: Pescok, Godwin, Cook and McAllister.

Sponsors: Bob Crech, Jr. and Geo. Wedgworth.

Finance: Knight and Dras.

Constitution: Chaste a. a. C. Close.

Publicity: Aspey and Sam Crisman.

Ed Reddy, District Manager has instructed Mr. C. S. Boen, editor of the Southern Telephone News in the Ocala Phone Control project and a feature story with pictures appears in the current issue of the paper.

As the magazine is distributed to some 60,000 Southern Bell employees throughout the southern part of the country a most appreciative appreciation of the project should be had.

Among the very excellent pictures used is one showing the organization of the Little League Co-Op with Frank Dooley, Jack Thorne, Pat Brent and Sales Manager E. C. McCabe, talking to the four corners of the U. S.

The true story is complimentary to the agricultural area around Lake Okechobee.

More than three dozen firms will exhibit their wares at the EVERGLADES FAIR next Monday through Saturday, more than ever to exhibit in a local fair.

Automobiles and farm equipment vie with radio, television and household appliances, with building materials running a close second.

If you want to see the latest in all these items be sure to visit the fair.

Sand Land Farm Values Level Off After Market Rise

Improved Much Farm Lands Have Strengthened In Price

The Agricultural News, printed in Gainesville, proclaims "Farm Real Estate Values Level Off After Market Rise," and says "while Florida farm real estate rose 43 percent between 1948 and 1952 they are now leveling off or may have declined slightly during the past few months." Dr. Henry Hamilton was credited with this statement.

Dr. Henry has gathered his data mostly from farm lands, because that's what most of Florida is, and the three quarters of a million acres of available muck around Lake Okechobee is a very small percentage of the State's total acreage.

Dr. Hamilton's averages are most likely correct and it would probably be the first to tell you that special areas are not to be confused with his State averages — yeah, Doc, you is correct, and the muck lands are the "special" in this case.

In 14 millions of acres of sand land, scrub palmetto, palms and just scrub oak and dwarf pine were being hawked for \$3.50 to \$5.00 per acre and it required from 15 to 20 acres to support one scrub cow. Scarcifying and grass planting could bring this average down to 8 to 10 acres per cow for the summer months.

A four section tract — 2560 acres — bought at \$5.00 per acre with \$20 per acre spent on fertilizer and grass, and six miles of fencing at \$550 per mile with collecting pens and coral costing \$1,000 would give a total investment of \$68,300 for pasture for 512 head — figuring one Continued on page four

Chamber's Annual Dinner Ready For Capacity Crowd

The ladies of the Catholic Church are preparing for a capacity crowd at the annual Glades Grown Dinner to be held tonight at the Country Club, when Ed Liver will assume the speaker and crown from Billy Graber.

Earl Brown, a really effective Florida booster of national fame will talk to the crowd which will include local and county-wide big-wigs. Mr. Brown put Florida on the map at two world fairs and is now President of the State Chamber of Commerce.

Harold Robin will be in charge as toastmaster and will not tolerate long-winded and borsome talks.

The Belle Glade Chamber annual dinner is fast taking its place among The Ocalaans around the Lake.

Sunday afternoon from one to four o'clock Mrs. Mary Foy Chief Observer with her assistants, Vernon Dexter and Ralph Kirk will conduct a test run for observers in cooperation with the Army Air Corps, also the Fire Department building.

It is quite evident that any enemy planes approaching a large city will try to find the least protected direction to avoid radar and other protective efforts; therefore, observation towers in the smaller and more isolated communities are important.

If you are in the interest in helping your own community to help our national defense report Sunday afternoon for one hour's duty, or call Mrs. Foy at 2063.

Belle Glade Entertains County Federation Of Women's Clubs

Mrs. Wm. Thiebaud, President, headed the membership of the Belle Glade Women's Club in welcoming the County Federation here Wednesday to an active and constructive meeting with Mrs. John Duley of Pahokee making the response.

Mrs. Clarence Bonworth, Boynton Beach welfare chairman, reported that the federation's project, the Pierce Home for the Aged and Children, at Lake Worth, is in need of all kind of clothing, and that the report will be submitted at the April 12, meeting at Belle Glade.

Mrs. Frank Frier, Pahokee, appointed migrant chairman, reported the too crowded conditions in the negro migrant camp. She stated that a survey is being conducted by the National Council of Life and Labor, Washington, and that the report will be submitted at the April 12, meeting at Belle Glade.

Corn is growing in number of cars shipped during the week but celery and mixed vegetables still lead. Cabbage accounted for 37 cars and cauliflower for 26, while corn totaled 30 cars.

These figures are rail movements only; it is commonly accepted that an equal number or equivalent moves by truck each week.

TURKEY SUPPER AT SCHOOL-CAFETERIA

The Future Homemakers of America club will sponsor a turkey supper at the school cafeteria, children — fifty cents, adults — \$1.25.

COTILLON CLUB DANCE AND BUFFET LUNCHEON

The Cotillon Club announces a dance will be at the Country Club, March 21 at the Country Club. Music by Sigmond's Orchestra from West Palm Beach. Dancing 10:15. Buffet luncheon at mid-night. Admission \$3.00 per couple. Semi-formal.

Stockers Steady

Calves Wink At Monday Sale

With 388 cattle sold for \$34.828 and 69 percent going for slaughter, the general trend was slightly weaker for slaughter and stocker prices than for calves. Seven 1949 bulls and one 1951 bull will be offered from the commercial herd of R. D. Lyons of Moore Haven. Mr. Lyons of the cow is the best advertisement of the bulls.

Sale of Monday, March 16, 1953
208 Steers; 10 Bulls; 30 Yearlings; 73 Cows—Calves: 33 Heifers.

Fluctuating Cattle Market Emphasizes Importance Of "Know How" And Attention

Dooley Elected Exalted Ruler Of Local Elks Club

The honeymoon's over! The balloon prices of steaks on the hoof and other preliminary and complimentary cattle activities have been stricken by the great leveller — supply and demand. It's not wholly the Republicans' fault, as some donkey-sympathizers have said. More embryonic gentlemen have made their appearance during '50, '51 and '52 than existed before that time — the butcher, the baker and the candle-stick-maker and the substantial business man with income in the higher brackets, as well as the white-collar boys.

Theoretically, all were right — "there's money in them thar cows" — and there are great tax advantages to the high income individual in a properly operated breeding herd.

A practice among some Glades bay farmers in the early days was to plant beef, maybe plant them once and return at the end of six weeks to see what the Lord had done for the farmer; and surprising as it may seem He did quite well for some of them. Gradually, however, the progressive and attentive farmer who studied the markets, the improved varieties, the weather and constantly improved in "know-how" were marked by their success. So it is, with the cow business — the neophytes are being subjected to their first big "bump," and the shock is more loudly proclaimed than were the success brought about by a rising market.

Practices in grass culture, preventive and curative medicine around and grazing have become more or less standardized with constant efforts to improve by cattlemen and by scientists. Year-round grazing of two animals per acre is practical and economical and the muck still produces highest protein pasture.

The law of averages and good old "cow sense" prevail now with those who make money taking cattle activities in the Glades.

However, that old market can be wicked and close study of it is a major part of successful cattle activities in the Glades.

The Shiloh Marketing Bureau printed in its March 2nd issue of "For Sale, Want and Exchange Bulletin" some of the interesting figures on average cattle prices per cwt.

A brief discussion of some of these figures might be opportune.

An operator who bought and sold 100 cattle per month during 1952 would have made money, with muckland averages, and especially so had he taken common feeders and raised the grade by one, and better had he taken medium stockers and raised them to good, all on grass.

By taking either of the two above grades of stockers and raising the grade one under present markets, a substantial profit (Continued on Page four)

Everglades Fair Seen As Inclusive Of Glades Agricultural Activities

With thousands of square feet devoted to educational and interesting exhibits and many more thousands of commercial displays the Everglades Fair opens Monday afternoon after a muck and larger and more comprehensive exposition of Glades activities than ever before.

Fibers, sugar, cattle feed crops, vegetables and field crops are emphasized; entertainment for the kids is provided on Wednesday and Thursday by free admission and a special rate on all shows and rides. A bicycle

will be given away each of the three days set aside for the kids, as well as Saturday afternoon.

Dr. R. V. Allison will have the most complete vegetable fiber display ever to be assembled anywhere, including a demonstration of spinning on machines and yarn especially brought in for this occasion.

The Experiment Station will have a very complete showing of its activities in other agricultural fields.

Glades schools, both white and colored, will have the largest (Continued on page 4)

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

Gunnery School. He is the son of F. A. LeFlis, Chosen.

"Thanks for sending the paper," the writer to the Herald in a note requesting a change of address "as it is a great help in keeping up with what happens around my home town."

"I hope this small note will find the staff of the Belle Glade Herald in fine health."

(You're most welcome. Pleased you enjoy our paper and we're happy to keep it going to local boys in service.)

William Sidney Caruthers is now stationed in San Antonio, Texas, at Lackland Air Force Base for nine weeks Basic Training. He graduated from Pahokee High School, class of 1951 and married the former Bettie Jean Harris of this city November 16, 1952. He is the son of Mr. and Mrs. R. H. Caruthers, Pahokee.

Note to anyone knowing the address of the Herald in person who are not getting the Belle Glade Herald, please inform us and the paper will be sent to them — no charge.

A/3c Fred A. LeFlis, Jr. is attending a Combat Crew Training School for B-26 Gunners at Langley Air Force Base, Virginia. He recently transferred from Lowery Air Force Base, Denver, Colorado.

SAND LAND FARM

(Continued from Page 1)

animal to 5 acres—or \$133 capital investment per head. The cost of this acreage then is \$25 plus \$10.00 for miscellaneous, making a total of \$35.30. This type of sand land pasture has been selling for \$50 to \$75 per acre. Land which carry a head to two or three acres has been selling for from \$75 to \$100 per acre. Winter grazing is not included in carrying capacity.

Raw muck lands at \$80 per acre, plus \$35 for grazing and fencing, plus \$40 for water control gives \$155 per acre total cost. No one argues about two animals per acre year-round, as the capacity of such land. Five dollars more miscellaneous makes a round \$200 per acre cost for unmatched grazing land.

An application of custard apple and willow-elder lands has increased to the point where none—or practically none—is for sale. Land is worth what it will produce, and the muck lands are coming in for a steady appreciation in value, not an inflation.

HARRY-ANNA HOME TO OBSERVE ANNIVERSARY
Elks of Florida and their families are invited to attend the 20th anniversary of the opening of the Harry-Anna Home for Crippled Children in Umatilla, March 28 at 12:30 p.m.

The program includes a fish try starting at noon, and immediately thereafter the Honorable Walter J. Matherly, Past President, will introduce Past Exalted Ruler Dave Sholtz, former Governor of Florida, in turn will present Grand Exalted Ruler Sam Stern who is making a special trip to Florida for the occasion.

AIR RESERVE OFFICERS COMMISSIONS MUST BE ACCEPTED BY MARCH 31

Air Force Reserve Officers who do not accept their commissions by March 31st will be in danger of losing their commissioned officer status. Under the Armed Forces Reserve Act of 1952, all AF Reserve officers must execute a tender of appointment to retain their commissioned status. According to a statement by Col. Harry D. Copland, commanding officer of the reserve center at Miami International Airport, there are still some reserve officers in this area who have not completed the tender.

Col. Copland warned of the approaching deadline, and pointed out this lapse could mean a complete separation from military status.

COUNTY PTA COUNCIL MEET AT LAKE HARBOR

Greetings were extended by Mrs. A. Williams, Lake Harbor School principal and Mrs. C. Thomas, PTA president, at the Palm Beach County Council of PTA's at a meeting in the Bap-tist Church, Lake Harbor, Tuesday morning.

Mrs. Harry Boergershausen, West Palm Beach, was re-elected president, and requested continued annual reports be sent her not later than May 1, and reminded members to plan now to send delegates to the Institute of the University of Florida on June 8.

VEGETABLE GROWERS AND CATTLEMEN

We can economically control your insects, corn worms and blight diseases with our high volume airplane spray rigs.

We can also increase your production by application of the concentrate fertilizers.

Keep in mind that liquid fertilizers, insecticides and fungicides can be combined in one economical application.

850 PERSONS DIE IN FLORIDA TRAFFIC ACCIDENTS IN 1952

The Florida Highway Patrol today released its annual summary of motor traffic accidents for the record breaking year of 1952 when 850 persons died on Florida highways as the result of motor mishaps. The summary, which is designed to show interesting statistics of how accidents happened, where they happened, the conditions under which they happened, ages of drivers, time of day or night and climatic conditions, among others, is considered a yardstick on traffic behavior all over Florida.

Briefly the summary shows: Type of accident, rural and urban, the sex and race of those killed and injured, circumstances and conditions, and death rate per miles of travel.

The summary shows a statewide total of all of these actions, and then it breaks down the same information on a rural and urban basis.

Highlights of the 1952 summary include information that shows 45,306 of the grand total 57,281 accidents on Florida highways, involved more than one vehicle. It also shows that 356 persons lost their lives in these accidents; then it shows 5,689 of the remaining accidents were where auto ran off the road, and those accidents claimed 224 lives, or the two-billion caused a total of 53 deaths, well over half of the year's loss.

MOISTURE RETAINING TYPE OF VEGETABLES BEING STUDIED

Experiments aimed at finding a new method and new materials for the production of vegetables capable of retaining moisture longer, improving shipping qualities and providing the consumer with a more satisfactory product, are being carried on by Dr. Erston V. Miller, University of Pittsburgh Plant Physiologist.

FLUCTUATING CATTLE MKT.

(Continued from Page 1) may be made. Percentage-wise the difference between stockers and one grade higher grass-fed steers still affords a substantial profit.

The average stocker price for Nov. '52 was 13.27, and the average price of commercial slaughter steers last Monday was 19c. Four months on grass should produce a saleable commercial with an average weight of 1,100.

Prior last week at Belle Glade gave medium stockers at 15.00 and average commercial 16.00.

If you haven't a copy of this bulletin write to Marketing Bureau Jacksonville, Fla. for a free service.

Gold Star Wives Service Foundation EXPENDITURES FOR SERVICE AND DIRECT During its first eighteen months of operation

An information and service center to assist all dependents of deceased servicemen is maintained in Washington, D. C., and in Chicago, Illinois. Requests for information or for assistance are handled by the National Service Foundation, 1406 K Street, N. W., Washington, D. C. Applications for direct aid should be addressed to the Welfare Officer, Gold Star Service Foundation, 1406 K Street, N. W., Washington, D. C.

REDECORATING OF CHILDREN'S WARD PLANNED BY BWPC

The Business and Professional Women's Club met at the home of Mrs. Joanna Thomas Tuesday evening.

During the business session, it was decided to redecorate the children's ward of the Belle Glade Memorial Hospital. An open discussion followed, and a committee of two, Miss Marian Naylor and Miss Bana Rodiger, were appointed to contact the Hospital Auxiliary and find out what was needed to be done.

Other members attending were: Mrs. Mary Henry, Mrs. Lillian Kemper, Mrs. Imogene Fontaine, and Miss Eva Johnson.

CLARENCE TIBADO TO RELATE EXPERIENCES AT ADVENTIST CHURCH

The public is urged to hear Clarence Tibado, artist of the God for Museum, relate the story of his experiences of the war zone at the Adventist Church, tonight at 7:30 p. m.

He has appeared on radio in Tampa and other cities of north Florida, giving stirring accounts of the marvelous workings of God in his life.

EXAMINATIONS FOR DRIVERS' LICENSES ON EACH MONDAY

Patrolman Bertrand informs The Herald that beginning Monday the 23rd of March examinations for a driver's license will be given on each Monday morning in Pahokee at the Highway Patrol Office from 9 a. m. to 12 p. m.

This arrangement allows any who miss the morning session at Pahokee to catch the examiners at the Belle Glade City Hall in the afternoon.

PAR-TEE-LINE

(Continued from Page 1) During the luncheon Joe presented the winners in the recent tournament with prizes.

Others receiving prizes were: Edith Van Landingham, runner-up in chess; J. K. Kachler, first flight winner, and Zelma Betzner, runner-up.

golf captain, Rayley Weeks, was a very surprised gol when presented with a gift for a recent birthday, and also for being such a wonderful couldn't get a warrant until

team captain, all she could say was "Oat Golly!" All the members decided we should have got luck more often. We were glad to have one of the old gang with us, Ben Burr from West Palm Beach. Winners of the blind bogey were McWhorter and Pete Kirchman.

Too Late to Classify

By Russell Kay I had a rather unusual experience recently when I was called on to appear as a character witness for a responsible business executive who had law enforcement officers had been kicking around for the better part of a week with apparently no more other than the promise of misplaced authority.

I have heard frequent reports of shabby treatment received by out-of-state visitors to the irresponsible constables and deputies in Florida but this was the first time I had come face to face with such high handed action.

My friend Lloyd J. Waverling, public relations representative of the Curtis Candy Company of Chicago, who through the famed six-pony hitch to the Orange Bowl, Florida State Fair, Florida Citrus Exposition and other events, drove to Sunshine Park Race Track at Oldsmar on Friday afternoon to see the races.

Walking about the grounds he saw a ticket lying on the grass near the clubhouse and picked it up. Looking at it he saw that it was a winning ticket. Thinking that someone had either lost it or thrown it away not realizing its value he took it to the cashier's window and turned it in.

The man at the window asked him to wait a minute. Shortly after he came back and put him under arrest. They claimed he was trying to cash a "tampered" ticket. He explained to him he had found it and asked the man at the window if it was any good.

Without further questioning they hustled him to the office. Frisked him, and then he and them his name, informed them that he was an employee of the Curtis Candy Company, and was a guest at the Thomas Jefferson Hotel in Tampa, the officers discounted everything he said. They turned him over to a deputy Sheriff's office.

He asked for permission to phone his company or get in touch with me. He was denied this right and thrown in a cell without further consideration. He reportedly asked for permission to phone his company for the reason that he was responsible for the toy item which was to appear in Orlando on Monday. He might just as well have been appealing to a flock of Egyptian geese.

He was taken to the Florida State Penitentiary in Jacksonville and remained in jail "incommunicado" from Friday afternoon until the morning when he was informed that the charges against him had been changed to "attempted grand larceny" and he was allowed to use the phone. Being set for Thursday morning.

In the meantime, the representative of his company had been trying to get in touch with him. The hotel management checked his room and found all his belongings just as he had left them. Hospitals and the city police were checked. Nobody, it seemed, had ever heard of him. When his call came through, company representatives obtained a lawyer and went to the county jail. They called me, explaining what had happened. The poor chap after five days in the jug without a shave or a change of clothing was a pitiful sight and on the verge of a nervous breakdown.

Would I attend the hearing and appear as a character witness? I certainly would not. The cashier who had taken the ticket at the window identified Attorney Wm. C. Pierce as the man he "THOUGHT" cashed the ticket. When he looked at Waverling and "didn't think he had ever seen him before."

He made the farce louder and funnier, the man who had taken Waverling into custody identified himself as "Chief of Police" for the Sunshine Park Race Track. When questioned by the judge it turned out that the man had never been commissioned with police powers by any authorized law enforcement agency.

Asked why they had permitted the man to stay in jail for two days without a chance to call any one or without being brought against him, they said it was Friday and they couldn't get a warrant until

Monday. The Sunshine Park Race Track is a place where the case for complete evidence of any crime. It is a strange and a disgrace. It certainly reflects no credit on Sunshine Park or the state. The only heartening thing about the whole sorry mess is the fact that Attorney Wm. C. Pierce refused a fee for his services. In lieu of a fee he asked Mr. Waverling not to think too hard about the case. Florida and remember that in spite of this ugly experience there were citizens who remembered such uncalled-for arrests and welcomed an opportunity to come to his aid. Shudder to think what might have happened to the poor guy if he had gone to the hearing without the knowledge of his friends. And, Mr. Citizen, the same thing could happen to you!

Congressman Rogers Seeks Views Of Constituents By Questionnaire

Our Congressman, Dwight Rogers, has followed the practice of asking his constituency's opinion on many current questions on which he must vote in Washington, and we give below his 1952 questionnaires.

It is a hard job for an honest congressman to always interpret the wishes of his constituency, especially on controversial questions, so, information contained in these answers are a great help to him.

Will he appreciate it if you will send in answers. Below is his appeal and the questions:

1. Do you favor reducing taxes before balancing the budget? Yes ☐ No ☐

2. Do you favor removing from the Taft-Hartley Act the Government's present right of injunction? Yes ☐ No ☐

3. Do you favor an amendment to the constitution providing the Governor should fill vacancies in the House of Representatives until the next general election (as is done in the Senate)? Yes ☐ No ☐

4. Do you favor granting to eighteen-year-old citizens the right to vote? Yes ☐ No ☐

5. Do you favor extending Old Age and Survivor's Insurance (social security) to persons or groups not now covered? Yes ☐ No ☐

6. Do you favor a constitutional amendment requiring all treaties made by the President to be confirmed by the Senate before they become effective? Yes ☐ No ☐

7. Do you favor the Federal Government reimbursing the states and political subdivisions for the loss of taxes on property taken over by the Federal Government by condemnation or otherwise? Yes ☐ No ☐

8. Should the President and Vice-President be nominated in State Primaries rather than by the present national convention method? Yes ☐ No ☐

9. Do you favor making a Congressman's term of office four (4) years? Yes ☐ No ☐

10. (a) Do you favor admission of Hawaii to Statehood? Yes ☐ No ☐ (b) Do you favor admission of Alaska to Statehood? Yes ☐ No ☐

KATHLEEN LIVINGSTON, Editor

LATTER DAY SAINTS QUARTERLY MEETING

Don Callaway, mission superintendent South Florida District, will be in charge of the quarterly meeting of the Church of the Latter Day Saints to be held at South Bay, Sunday morning, March 22.

There will be a covered dish luncheon at noon between the morning and afternoon sessions. Mr. and Mrs. Peter J. Hicks, and staff will arrive Saturday, March 21, to inspect site, for the Chapel of the Latter Day Saints. Mr. Hicks is the president of the Southern State Missions.

GOOD ATTENDANCE AT BIBLE STUDY

Mrs. Harry Smith reports that quite a few have been attending the Bible study, held every Thursday evening at 8 p.m. at her home on Indian Road.

Dr. Hughes, author of several religious books and speaker at outstanding conferences, leads the Bible study each week. At the close of last week's lesson he showed movies of his Bible conference in Toronto, Canada.

The public is invited to attend these studies, and may also purchase religious books, by Dr. Hughes.

CHURCH OF TODAY TO BE DISCUSSED

"The Church of Today" will be the topic under discussion Sunday at 8 p.m. at the home of Dr. G. O. Townsend, 105 N.W. Ave. E., who will entertain the Belle Glade Episcopals.

This is the fifth and last in the series on Highlights in the Life of the Church which Father John Clarence Pettis has been giving on the Sunday nights of Lent. The Sunday night meetings will continue from house to house until regular morning services are arranged for. This will come probably early in the summer or about September.

The Right Rev. Henry I. Louttit, D.D., bishop of the diocese of South Florida, plans to make his first visitation of Belle Glade some time in the autumn.

LDS CONGREGATION PLAN CHURCH EFFORTS

A quarterly conference of the Church of Jesus Christ of Latter Day Saints will be held at the Legion Hall in South Bay on Sunday, March 22 beginning at 10 o'clock. Peter J. Hicks, state mission president, will preside. A basket dinner will be served at noon.

An amateur program will be sponsored by the Mormons at the Legion Hall Saturday night at 8 o'clock. Mrs. Esther Walker and Mrs. Inez Nychys of Fort Myers will be in charge of the program for this event.

COLLEGE CHOIR TO PRESENT CONCERT

On Sunday morning, March 29th at the 11:00 a.m. Worship Hour, the Presbyterian College Choir from Clinton, S. C. will present a concert of Sacred Music and Worship at the Everglades Presbyterian Church in Belle Glade. During the past three years this choir has toured over 30,000 miles to present concerts, and has presented many radio programs. Considered to be one of the five best non-professional male choirs in America and recently one critic says the Presbyterian College Choir is truly equivalent to the best formations in Europe.

The conductor of this 32 voice choir is Dr. Edouard Patte, a native of Switzerland, who received his training at several

graduate schools in Europe. He studied under Ellen DeMole of the Geneva Conservatory of Music as well as Professor Barbra of Geneva's St. Peter Cathedral.

We were fortunate, here at the Everglades Presbyterian Church, to be able to have this choir with us as it makes its tour of Florida. The public is cordially invited to attend this Hour of Sacred Music and Worship as led by this outstanding Choir.

WARREN AND JACKSON ORDAINED AS DEACONS AT SOUTH BAY BAPTIST

C. S. Berry, State Board Executive Sunday School Secretary of the Florida Baptist Convention was guest speaker at the South Bay Baptist Church on Sunday.

An ordination service was conducted at the home of Sunday afternoon, March 8 at which time James Carroll Warren and James Jackson were ordained deacons of the church.

Rev. Ted Tomeschuk of West Palm Beach gave the charge to the deacons. Rev. M. R. Harlie, pastor of the Lake Harbor Baptist Church, gave the charge in the church.

Rev. Collins, pastor of the South Bay Baptist Church, made the ordination address.

WSSC DISTRICT MEETING WAGS MEMORIAL CHURCH

Miss Floyd Cooper, District president of the Women's Society of Christian Service from Ft. Pierce, gave the opening address at the district conference meeting held at the Wags Memorial Methodist Church, on Tuesday.

The welcome speech was given by Mrs. J. H. Markham.

Miss Janet Surdan and Miss Lucella Koether, who are returned missionaries from China, were guest speakers. They told of their experiences in prison camps. Mrs. Dave Cathcart also took part on the program.

Attending the meeting from the church were Mrs. W. R. Hooker, Mrs. Clara Gledhill, Mrs. Frank Dooley, Mrs. E. L. Gledhill, Mrs. Ralph Kidd, Mrs. N. T. Taylor, Mrs. Dora McWhorter, and Mrs. M. M. Sabiston.

TURKEY SUPPER GIVEN BY JOY CLASS GROUPS

A JOY Class of the First Baptist Church met at the church on Sunday evening. A turkey supper was served by group two, after which a business meeting was held.

Those attending were: Mrs. Davis Kickleigher, Mrs. George Rashley, Mrs. Sara Strickland, Mrs. Jack Little, W. L. Cunningham, Mr. and Mrs. Melrose Thompson, Mrs. Lebron Williams, Mrs. Wallace Lutz, Mr. and Mrs. Rudolph McMillan, Mr. Frank Theibaud, Paula Parson, Mr. and Mrs. Marvin Unwin, Mrs. Ercel Mixson, Mrs. Mills Byron, Mrs. Eugene Pennington, Mr. and Mrs. David Strickland, Mr. and Mrs. Nelson Morris, and Mr. and Mrs. William Hayes.

FELLOWSHIP MEETING AT CHOSEN CHURCH

There will be a 3 day fellowship meeting beginning Friday, March 27, at the First Baptist Church of Chosen. This meeting will be attended by other churches of the South Florida Association.

Following the fellowship, meeting a revival will be held with Elder W. W. Watson of Auburndale, Fla., pastor of the First Baptist Church, as guest speaker.

W'U MEETS WITH MRS. FRED L. GATO

The Women's Missionary Union held its regular monthly program Tuesday evening at the home of Mrs. Fred N. Gato.

Mrs. Alice Lamoureux gave the devotionals and led the discussion on "Estate Missions."

These taking part were: Mrs. A. J. Williams, Mrs. L. O. Ratley, Mrs. Linton Miller, Mrs. F. W. Kelley and Mrs. W. C. Willis.

Others attending were: Mrs. E. J. Leathlean, Mrs. Luda Lockmiller, Mrs. Othello Telle, Mrs. W. M. Jeffries, Mrs. O. M. Martin.

FIRE VICTIMS GIVEN AID GENEROUSLY AND PROMPTLY THRU APPEAL

The American precedent for rising to a situation set so long ago by the "Minute Men of Concord" was demonstrated in Belle Glade last Tuesday. Though the ashes and debris of the Monday night fire, which burned out approximately 300 persons, were scarcely cold, meals were being served, clothing and other items were being gathered, sorted and given out to a large majority of those affected.

The American Red Cross and Salvation Army came in to assist and supplement the work in those phases which were beyond the scope of the local group. This could not have been accomplished had it not been for the spontaneous generosity of the people, the help from those who provided space and equipment, and those who gave of their time and energy. The radio call over WSWN, though intended as a local appeal, brought help all the way from Palm Beach on the east to Lake Harbor on the west.

Space does not permit the listing of those individuals and groups who helped, but the Belle Glade Inter-racial Council, which initiated and directed the efforts, wishes to express its deep appreciation to all those who in any way helped to relieve the acute and immediate needs of the unfortunate ones.

MRS. WILLIAMS TALKS ON CHINA MISSIONS

The Women's Missionary Society of the Baptist Church moved their meeting, Tuesday evening with the song, "Christ for the Whole Wide World," with Mrs. William Theibaud at the piano.

Mrs. Chris Figueroa, enlistment chairman, reported that people to be visited, Mrs. Eva Williams reported that clothing and coupons had been sent to the Baptist Children's Home at Lakeland, other reports were given by Mrs. W. L. Cunningham and Mrs. Marvin Unwin.

A car load of vegetables was sent to the children's home was the report given by the Hannah Suggins Circle, \$15.00 was

THE WOMEN'S MISSIONARY SOCIETY OF THE BAPTIST CHURCH

given the home by the Ida Darden Circle, and the Gladys Smith Circle sent a box of clothes.

Amount of the goal set for the Palm-Leaf Association was \$500.00. It was announced. Speaker at the next meeting, which will be held April 21, will be A. D. Dawson, on the topic of China Missions.

Mrs. J. T. Williams, Lakeland, was introduced as guest speaker. Mrs. Williams, a missionary to China for thirty years, gave an interesting talk on the customs and history of China, also the work done by the Women's Mission Union there. She displayed souvenirs

FROM CHINA, (GOLD) CHINESE

from China, (GOLD) Chinese dress, a placard of Xmas seals, Bible, and other items, and talked in Chinese.

Hostesses for the meeting were: Mrs. Hubert Chambliss, Mrs. Unwin, Mrs. Cunningham, and Mrs. S. B. Markham.

SOUTH BAY BAPTISTS HAVE STUDY COURSE

Miss Denson of Haverhill Baptist Church, State Sunday School worker, is giving an extension study course in Sunday School work at the South Bay Baptist Church each Wednesday evening.

LAKE HARBOR COMMUNITY METHODIST CHURCH

Recent improvements have added greatly to the church. Four Sunday school rooms have been built, (the wing to the right) also new cement steps, and installation of gas heaters in the church.

The railway car (left rear of church) was purchased last fall, shingled, redecorated inside, and dedicated by Bishop Roy Short, of Jacksonville, who commented, "This car has carried many people to their earthly destinations and it is most fitting that it now serve to carry passengers to their heavenly home."

The church has also been decorated inside and out and newly furnished.

INTERNATIONAL SUNDAY SCHOOL LESSON—March 22

TITLE: "IN THE SHADOW OF THE CROSS"
SCRIPTURE: MATTHEW 26:13-26:30

- THE AIM OF THE LESSON:**
 - To study two experiences of worship and fellowship which took place on the eve of Christ's betrayal.
 - To recognize ways by which we may express love to Christ today.
 - To show the opportunities of worship and fellowship offered in the observance of the Lord's Supper.
- CONCLUSIONS:**
 - Mary's devotion gives us the example of sacrificial service which is pleasing to Christ vs. 6-13.
 - The institution of our Lord's Supper and its observance today serves as a constant reminder to us of the sacrificial love of Christ for all mankind. vs. 26-30.

THIS WEEK'S SERMONETTE THE VALUE OF PUBLIC WORSHIP

By REV. NICOLA DI STEFANO, D. D.

Lake Harbor Community Methodist Church

Without the instrumentality of public worship thousands who have a sufficient knowledge of the scriptures would remain insensible to their spiritual wants. Such is the nature hardness and stupidity of the human heart that without the blessing of God on ministerial effort few would be aroused to a sense of their lost condition this side of a hopeless eternity. Of the thousands who have proved the divine power of the gospel to illuminate and quicken, to save and to bless, probably a large majority have received their first religious impressions while attending the public worship of God.

Now the means of grace connected with the observance of the Sabbath, are the stronghold of the Christian, to which he continually flies from the cares and business of life; and arms

himself anew for his spiritual warfare. Every religion, however false, has had its priests, its temples and its altars; its days of peculiar sacredness for assembling its devotees, and to perform the rites of worship. But with no religion, except Christianity, do we find connected a system of public instruction, teaching man his origin and end; his nature, character and moral condition, with the obligation and duties arising out of his relations to the Creator; securing the practice of virtue and piety, by the most powerful motives which can be addressed to a rational nature; so various and so comprehensive, as to embrace every condition and interest of human life; making men wise and virtuous, and consequently happy. Such a system of instruction is the peculiar glory of Christianity.

SPEED ON WET ROADS BRING DEATH TO MAN VISITING IN FLORIDA

One man was killed and three persons injured in a two car collision on U. S. Highway No. 27, eleven miles south of South Bay Friday afternoon about 4 o'clock during a heavy rainstorm.

Henry Clifton Holland, age 73, was driving a Studebaker sedan south. A car traveling north driven by Vincent Siemon, 135 N.W. 2nd St. Miami

was over the center line and crashed head-on into the sedan, demolishing both cars according to Detective P. Bertrand, who investigated.

Holland from Weaverville, N. C. was killed. His wife, Mrs. Holland, age 73, suffered a fractured ankle and multiple lacerations of the body.

Siemon, age 38, driver of a Buick convertible, suffered severe facial lacerations. His passenger, Ruth Gaffron of Aniston, Ala., also suffered severe lacerations.

Siemon's Funeral Home at Pahokee was given charge of the body of Holland. The three injured were rushed to the Belle Glade Memorial Hospital where they were reported Saturday in a satisfactory condition.

Patrolman Bertrand reported several other accidents that day with damage to vehicles but no one injured. Speed combined with the slick roads due to the rain were contributing factors in all accidents. People are just in too much of a hurry, he stated.

BYRON AND RODNEY WALKER RECOVERING FROM AUTO ACCIDENT

Byron Walker, son of Mr. and Mrs. H. B. Walker, and cousin Rodney Walker, son of Mrs. Edna Walker, have sufficiently recovered from their injuries sustained in a highway accident Tuesday, March 10 to return to their homes.

They were enroute home from Belle Glade via the new Channel to South Bay highway when a late model 212 ton Chevrolet truck hit a negro side-swiped their Ford car, demolishing the vehicle.

Byron had an injured ankle, with sprained ligaments, and is still on crutches, also an injured elbow. Rodney suffered head injuries. Both boys were badly shaken, lacerated and bruised. Rodney was released from the hospital on Friday and Byron on Sunday though both remain under the doctor's care.

HOSPITAL RECEIVES VICTIM OF TOO MUCH POWER UNDER HOOD

Mrs. Mary Louise Peterson age 27, of St. Petersburg was hospitalized at the Belle Glade Memorial Hospital Friday afternoon with lacerations of the head sustained in a highway accident on SR No. 80 near Bean City. FHP James Knox reported that her husband came around the bend at a speed too great to negotiate the curve, lost control of their Cadillac and struck a pine tree, bounced and hit a second tree. He was not injured.

CARD PARTY SUCCESS FOR SOUTH BAY GARDENERS

The benefit card party sponsored by the South Bay Garden Club at the Legion Hall Friday evening proved a delightful and successful affair. \$155.73 net was realized.

Seventeen tables were in play. Prizes were awarded to winners at each table, a grand prize to one with highest score in bridge and to the person with highest score in canasta, also door prizes. Cake, coffee and punch were served at close of play.

COMMISSIONER RARDIN TALKS TO LIONS AT SOUTH BAY MEETING

The guest speaker at the South Bay Lions Club at the Legion Hall Thursday evening was County Commissioner Paul Rardin, who discussed with the Lions the conditions of the city streets and county roads within the town limits and ways and means of improvement.

Beautifulization of the city parks, especially Jeffries Memorial Roadside Park was discussed and Lion S. J. Fisher agreed to donate some palms to the project.

Mrs. Mary Waters and Mrs. Edna Walker served a fried chicken dinner with all the trimmings to Commissioner Rardin, President Mead Willis, Eric Hartline, Terry Briggers, Clayton Waters, S. J. Fisher, Sam E. Henderson, R. C. White, Melvin Herring, Frank Willis, F. W. Kelley.

South Bay Lions Cavort For Fun And For Baseball

"Flying High" hilarious three act comedy with local talent cast will be presented in South Bay under the sponsorship of the South Bay Lions Club at the school auditorium on March 30-31 at 8 pm.

The action of Flying High takes place in the lobby of a small town resort hotel, "Purdy's Last Resort," owned and operated by the lecherous old rascal, Jeb T. Purdy. A curious assemblage of guests at the hotel gives the opportunity for many mirth provoking situations.

"Flying High" will give the people of South Bay and vicinity an opportunity for an evening of fun, seeing friends and neighbors taking part in the gay comedy and at the same time helping the Li one Club in getting a new ball park.

A baby popularity contest will be a feature of the entertainment. Mrs. Esther Walker is chairman in charge of the baby contest.

PTA HAS STUDY COURSE

An all day study course on the Parent Teacher Association Manual was scheduled for Thursday, March 19 at the home of Mrs. Laura Willis, South Bay, who will conduct the course.

The first session starts at 10 o'clock and a sandwich lunch-noon served at noon, each member bringing her own sandwiches.

MECHANICAL FAILURE CAUSES DEATH IN A CANE HAULING TRUCK

Warren Matthew Murphy, age 51, recently of Jacksonville, who has been living in the Fisher Trailer Camp here for the past three weeks was killed in a peculiar highway accident at 4:10 pm Monday afternoon on SR No. 80 near Bean City.

According to FHP James Knox, who investigated, the fifth wheel of the semi-trailer which he was driving came loose causing the trailer to jack-knife into the ditch. The tractor lapsed on its side in the ditch with the trailer on top.

It took some 30 minutes to extricate the driver who was dead when taken from the cab and it is thought he probably was instantly killed.

He was operating a truck for Little & Holmes of Baton Rouge, La., and hauling sugar cane under contract to the Okelanta Sugar Mill from the C. A. Thomas cane field at Lake Harbor. At the time of the accident he was traveling west with an empty trailer.

Only known survivor is his

wife Louise who was a patient at the Belle Glade Memorial Hospital at the time of the accident recovering from an attempted suicide the last of the week when she shut herself in their trailer with gas stove turned on. She was rescued by a trailer park neighbor with the assistance of Chief of Police R. C. White, who broke out a window and put in a child to open the door.

SOUTH BAY DOGS TO BE INNOCULATED MARCH 28 LICENSES ALSO DUE

Dog license tags for the year are now due and payable at the City Hall in South Bay according to announcement of Chief of Police R. C. White.

Dr. Clarence Kidder will be at the City Station on Saturday, March 28 from 10 to 11 o'clock for convenience of the city pets who wish them to get the inoculation against rabies.

1953 tags may be secured at the city hall upon presentation of certificate of inoculation. According to state law and local ordinance every dog must be inoculated against rabies each year.

EVANS FAMILY AND FRIENDS ENJOY TRIP TO RETURN BEAN TRUCK

A truck stolen from the Clayton Waters Sinclair Parking lot in Bean City belonging to John Evans, well known grower of Bean City, last Thursday morning was recovered Monday at the City Motor Found in Miami on information furnished by the highway patrol to Chief of Police R. C. White. A witness reported that the truck was picked up by an unidentified negro about 4 am Thursday morning.

Bill Williams, mechanic for Evans and Rogers, Mrs. John L. Evans, John Evans, Mrs. Clayton Waters and Miss Virgil Haack made the trip to Miami to identify and bring the truck back.

AIR FORCE RESERVE GETS ECONOMY MINDED FOR EVERGLADES FAIR

Due to unforeseen circumstances, the Air Force Reserve Mobile Exhibit, scheduled to be on location at the Everglades Fair here next week, will not make the trip and be on display as previously publicized, Lt. Douglas A. Ferris, officer in charge of the unit announced this week.

Lieutenant Ferris explained that the reason for cancellation was due, in part, to economy measures and that the Air Force regretted it was necessary to alter the schedule of the traveling exhibit.

The display was to have been presented in behalf of the 435th Troop Carrier Wing (Reserve), Miami International Airport,

which is the state's only organized reserve wing offering part-time training on a pay status to reservists.

"The women who say men are beasts usually cherish hopes of becoming animal tamers," Kay Ingram.

"The younger generation will learn the value of money when it begins paying off our debts," F. Robert Becker.

Stylists are revealing the summer fashions now, but mostly what they are revealing are the women who model them.

QUESTIONS & ANSWERS ABOUT INSURANCE!

2. What will my FIRE insurance policy pay for?

A. A modern "Extended" policy will pay for loss by Fire, Wind, Lightning, Explosion, Hail, Riot, Abrupt, Moving Vehicles and Smokes from faulty furnaces. You get broader coverage at steadily declining cost!

Television host—the BUICK CHIEFS HOUR—every fourth Tuesday

Outdoor Florida

by Herb Mosher
Florida Audubon Society has just held its 53rd annual meeting, in Winter Park, with members from all parts of the state.

CROSS COUNTRY CHATTER with Mac White

I was grabbing breakfast this morning when my wife, Mary, said, "What time do you have to check out, Mac?" "Seven o'clock," I told her. "General cargo. Some refrigerators, television sets, gas stoves and I don't know what else." Then I won't see you all week," Mary said. "That's right," I said. "This is Monday. Probably see you Friday night. This is a long haul—a little over a thousand miles to Key West and back, and you know we don't average much better than 29 miles an hour." You see, the law says we truck drivers can put in a maximum of only ten hours of driving. Then we've got to take eight hours of the law is right, of course. After ten solid hours of rolling a "kiddie bus" through tourist traffic, a fellow needs to relax. There's a lot of responsibility attached. These big trailer-

indeed, high time that all conservationists joined forces in order to save as much as possible of the things which have made Florida a kind of Garden of Eden. Otherwise these very attractions which have made Florida such a delightful place to live will be all gone!

I am thinking of the two enormous subdivisions (terrazz houses) tossed close together like sardines in a can) replacing beautiful woodland, of forest fires which kill trees and wild things alike and then ruin the soil, of polluted waters of the Gulf, of signs which remind you of Kaiser Bill's Imperial Germany with its "Verboten" signs, of the gradual disappearance of our birds, our fish, our game.

Remember the book, "Vanishing Eden"? Well, the Audubon Society stands for conservation and the good things which make Florida attractive and beautiful. Sportsmen and Audubon Society members actually have almost identical goals. Why not bring their efforts together?

RATTLESLAKE KILLS BULL.—Weeks ago I promised the story of Old Straight Horn, the 45,000 Brenham bull, killed by a rattlesnake while defending his cows from the identical snake. It's quite a story. And makes me have more respect for the rattlesnake, for if a snake bite will kill an enormous, mature bull, weighing a ton—what will it do for a poor human? Anyhow, Old Straight Horn lived on the Paul B. Dickman Ranch, at Indian River. Dickman is a close friend of mine. He often told me about this par-

secular bull, an animal raised from a calf and much valued for his name came from the fact that his horns were absolutely straight and stuck right out from his head. This was a most unusual characteristic for a Brahman. And Old Straight Horn had many calves, all of them with some peculiar, straight horns!

Naturally, the Dickmans, who lived Old Straight Horn a lot. He was responsible for substantial increases in the herd each season. But the very straightness of his horns may have been his undoing.

The cowboys who found Old Straight Horn lying dead in the pasture one day placed the story together like this: The bull had attempted to gore a huge rattlesnake which threatened his herd. Had his horns stuck out forward a little more, instead of being at right angles to his head, he might have killed the snake and this story never would have been written. As it was, the snake struck him in the nose. One flank mark was in the nostril—the other (flank mark) so far up the bull's nose that the cow boys were amazed! "Must have been the biggest rattlesnake in Florida," said C. Dickman, Paul's son, told me, adding: "We hunted that snake for weeks, but never found one big enough to kill it. It was the rattler that killed our bull!"

Now, when the snake hit Old Straight Horn he fell over on his side and died. Paul Dickman over and died so suddenly that one of his long straight horns was buried its full length in the ground! The cowboys had to go get shovels and dig the horn out before the bull could be dragged away and buried!

That is the story of Old Straight Horn. If it puts a little more caution in the readers of this column, the telling will not have been in vain. The deadly power of a rattlesnake hardly can be over-emphasized. I do hope the Legislature puts a bounty on all dead rattlesnakes come April. The only good rattlesnake is a dead rattlesnake. Remember that.

VETERANS INFORMATION

By Melvin T. Dixon
State Service Officer

VA Hospital at Lake City is the modernized: Disabled Veterans of Florida are to have new hospital building at Lake City. The Veterans Administration will accept bids for the modernization of the 378-bed general medical and surgical hospital at Lake City until May 5, 1953.

The construction of a 234-bed general medical and surgical hospital building which will replace 253 beds now located in four separate buildings will be included in the modernization project. The new constructed bed capacity of the Lake City Hospital will be 359 beds. The 5 sub-standard buildings now in use, eventually will either be disposed of or razed, one of which dates back to 1894 when it was used as a college dormitory.

The modernization project for which bids are being asked also will include the construction of one incinerator building; addition and alterations to boiler house and two connecting corridors. The boiler plant will also be converted from coal to oil. The buildings, in general, will have concrete foundations, exterior masonry walls with stone trim, reinforced concrete floors and built-up roofs.

The Florida Department of Veterans' Affairs as well as all other Veterans' Organizations of Florida, have for several years insisted upon and worked for a new VA Hospital at Lake City for the benefit of disabled veterans, and I wish to express by appreciation and that of all disabled veterans of Florida for this action now being taken on the part of the Veterans Administration to activate this project.

U. S. FLAGS—BURIAL AND MEMORIAL. An American flag may be furnished to drape the casket of a veteran of any war or who served at least one enlistment during peacetime, or was discharged for disability incurred in line of duty; and discharge was under conditions other than dishonorable. Application should be made by relative or undertaker to the masters at first-class port of office in county seats, or at any field station of the VA. Such flags will be presented to the next-of-kin after burial ceremonies.

Flags may also be issued for memorial purposes in the case of any person, who had died in the military or naval service of the U. S. after May 27, 1941, and prior to twelve o'clock noon, Dec. 31, 1946, to the near-

The contest was held for the purpose of help remodeling the churches. There were twelve contestants in competition with Mrs. Killens. The service was both spiritually and financially a success. The collection totaling \$200.75.

E. V. H. NFA News

The members of our organization have been quite busy finishing plans for the NFA display-space allotted us at the Belle Glade Community Fair that starts Monday, March 23, 1953.

A committee has been appointed to collect the materials each member has prepared and to assist the advisor in putting up the demonstration. It is our aim to work in cooperation with the total school exhibits to maintain the cup that was presented the school last year.

This week, we shall carry out a unit demonstrating how dust-

ing vegetables helps to keep down disease and insect pests. Our black-eyed pea project has developed to the stage where all regular dusting or spraying is necessary in order that a satisfactory crop can be produced. The mixing of sprays and properly dusting them on the entire foliage area of the plants are important if these pests are to be kept down.

WASHINGTON NEWS LETTER

A real spirit of camaraderie exists on my staff, and so it was no surprise the other afternoon, after the last copy of our little newsletter had been "put to bed," that they all got together for a little party in the office.

The occasion was the first anniversary of the newsletter but there were other things to celebrate too: Scotty Peck of Jacksonville, and Wally Letchworth of Sebastian, had finished a good year with me and Jane Monk, of Miami, had finished her sixth as one of my secretaries and Helen Gilles, of Tallahassee, had wound up her fifth year with me.

Mrs. Smathers and I had just celebrated our fourteenth wedding anniversary and Jake Carlton, my Administrative Assistant, had just become grandfather to a little girl who had the good judgment to be born in Florida on a Saturday morning.

And we all had just finished our income tax returns!

CAPITOL HILL NOTES—An inspection of the federal correctional institution at Tallahassee and the prison camp at Avon Park is being planned for next month by the Senate Judiciary Subcommittee on federal prisons and the Chairman, Senator William Langer, has invited me to accompany him on the trip which also included Senator Welker (R. Idaho) and Senator Hennings (D. Missouri). . . Economy notes: my office staff on an all-time record last year in replying to communications from citizens but was sparing in use of the telegraph; the year's reports show my total telegraph bill was \$2,600 less than the average allotment. . . Senator Harry Byrd tells me federal employment rolls in January showed that 6,169 had been dropped since December but there was still \$254,310 on the payrolls of 72 agencies. . . Win Pendleton, Jr. 12 year old son of the Florida newspaperman who writes the "Washington See-Saw" column, has a great future as a swimmer. He placed eighth in an AAU meet

out seven of the 15 college boys at Atlanta last week, beating he was swimming against in the 1500 meter race. . . My arch rival of the week to Editor Jean Rieker of the PAHOKEE NEWS who has never failed to publish my newsletter since I started it year ago.

Washington: Newsnotes from Capitol Hill: There is general agreement here that a change in leadership in Russian will offer the United States new opportunities and new challenges to leadership. Most optimistic believe that a struggle may develop for control in the Kremlin, offering dissident elements in the satellite countries opportunity to make a bid for independence, and that those seeking control of the Soviet government will be too pre-occupied to continue to support Communist China. No one can safely predict what will be the outcome, but it is my conviction that there will be no noticeable change in appearance or policy in the Soviet Union for some time to come. It is imperative that U. S. leadership reach its highest standard in these critical times immediately ahead.

Senator Holland and I were among about 20 guests at the Tuesday luncheon President Eisenhower gave for General Van Fleet, just back from command of our troops in Korea and heading for retirement to his Florida home in Polk County. But it was not "old home week" until the delegation luncheon the next day when the conversation was rather amusing. "Jim," "Spessard," "Bob," "Syd," "Charlie," "Bill," "Jim" and "Bobby," "Courtney" was absent because of illness. (President Eisenhower thoughtfully and graciously postponed my Wednesday engagement for lunch at the White House so that I might be with the Florida delegation in its luncheon honoring General Van Fleet and I will go to the White House again later in the week for another congressional group.)

One of the finest experiences of my life was at Lakeland the other day when I was guest on Founders' Day at Florida Southern College where Dr. Spivey gave me a honorary doctorate. That's quite a fine college and I thought so before Friday.

Would like to remind World War II veterans (and survivors) that April 9 is the deadline for filing claims with the War Claims Commission, (\$150 per day is being paid under a law passed last year for veterans

who were prisoners of the enemy and were subjected to inhumane treatment or forced labor). We battled all last week to obtain releases for Florida shrimpers and shrimpoists moved by Mexico.

LEGION AUXILIARY PLANS FOOD BOOTH

Reports of different chairmen were given at the meeting of the Legion Auxiliary Monday night. M rs. A. B. McCormick gave a report on the scouts, sponsored by the auxiliary. Mr. Jack Rashley reported on the aiding of two needy families, and Mrs. Ralph Freeman on the help given to educate a handicapped child.

Plans were made for a food booth at the Belle Glade Fair, and also a list of helpers. Those working on Poppy Day, which will be on March 28, was announced by Mrs. George Farnall. The meeting on April 27, will be in honor of district president Mrs. Lillian Monroe of Hollywood.

Other members present were: Mrs. George Tedder, Mrs. Anna Scuran, Mrs. Esther Ringo, Mrs. W. C. Allen, Mrs. Jessie Moten, Mrs. Homer Brooks, Mrs. D. W. Johnson, Mrs. Venera McCarty, Mrs. G. York, Mrs. Wanda Vaughn, Mrs. Herbert Beck, Mrs. Bryant McLendon, Mrs. Louise Coleman, and Mrs. Bob Riley a new member.

Co-hostesses were Mrs. Beck and Mrs. Harry Peters.

MRS. O. G. McWHORTER ELECTED AS DELEGATE

Forrest Ravin, was guest speaker at the meeting of the Beta Sigma Phi Sorority, Thursday evening at the home of Mrs. Carl Cone.

Mrs. Sam Crissman and Mrs. Ellis Willerson, in charge of the program introduced Mr. Ravin who spoke on, "History of English Language."

Mrs. O. G. McWhorter was nominated to be delegate, with Mrs. Howard Payne as alternate, at the State Convention to be held in St. Petersburg.

The next meeting of the sorority will be held at the home of Mrs. Lorenza Connell with Mrs. Francis Cross as co-hostess.

Other members attending were: Mrs. Bill Williams, Mrs. Nick Paff, Mrs. Tom Chappell, Mrs. Ralph Morgan, Mrs. Eddie Jones, Mrs. Frank Anderson, Mrs. Vernon Dexter, Mrs. Harold Zumpf, Mrs. Paige Choate,

Miss Ruth Doody, Mrs. Earl Lindrose, Mrs. Lorenza Connell, Mrs. Francis Cross, and Mrs. Milton Carpenter. Guests were Miss Letha Stacy, Mrs. Herbert Fiebelman and Mrs. Cecil Hughes.

Mrs. Clyde Clayton was co-hostess with Mrs. Cone.

MOVE OVER PLEASE FOR A DEMOGRAPHER

WASHINGTON—Know what a demographer is? That's the fellow who specializes in predicting population trends, he sits back with his pencil and slide rule and tries to figure out how many people will be in a given place at a certain year.

During the past few years, demographers have been having their troubles. Seems that back in the thirties their statistics were off. They were figuring that the United States would achieve its full population growth in 15 million — and then our population would level off and remain pretty much the same for years and years. Now we're just finding out how wrong the demographers were. Our population figure passed the 157-million estimate in 1946, according to the Chamber of Commerce of the United States, and there seems to be no limit to how big we can grow.

Even the most conservative experts say that by the year 2000 there will be 260 million in this country. Others place the figure as high as 300 million.

As our population expands it will bring up business in this country to provide more and more products and more jobs.

In 1957, for example, the Department of Agriculture says we'll need 20 percent more of everything. We'll have to produce five-and-a-half billion pounds more meat than we now produce. We'll need 30 billion pounds more milk, and 18 billion extra eggs.

No one can say how many millions more of baby carriages, cribs and nursing bottles our American motorists will need. Nor how many new houses and automobiles and radios and television sets and air conditioning systems, and airplanes, trucks, household appliances and the millions of other commodities which keep us all in meat and drink.

That is why the Chamber of Commerce of the United States is preparing to launch a broad new program which will reach out into the communities to mobilize and stimulate the productive energies of the nation.

New horizons beckon. Not only will private initiative be encouraged; it will promise greater rewards because our expanding population has an insatiable appetite for the products of our farms and fields, our mines, timberlands and factories. The wants of tomorrow cannot be measured by the demands of today.

KEY DEER STILL NEED FULL PROTECTION

NATURE LOVERS everywhere will be pleased by the latest census of Florida's key deer. It shows more than 70 of the little creatures were only about 50 could be counted a year ago.

This doesn't mean the midget deer now can take care of themselves. On the contrary, they probably would be wiped out in short time unless protected.

The increase in their number is cause for rejoicing among those who want to save this rare and beautiful species for the delight of coming generations. It is too soon to say that the key deer can be added to the list of egrets, roseate spoonbills and others which were almost extinct but are now coming back.

PUNTA GORDA FLOWER SHOW MARCH 19-20

The Punta Gorda Garden Club will hold their third annual flower show, March 19-20 at the Community Hall on New St.

Thursday, March 19, show opens at 3:30 pm, closes at 10 pm; Friday, March 20, show openings done.

Agent H. L. Speer will conduct tours of commercial pastures that are using clovers with success at the present time. "We believe that in order to have successful year-around pastures we must have good varieties of clovers that will provide the back-log of grazing during our winter months. A great deal of progress has been made in this respect. We are holding these tours in order to review our present situation concerning the over-all pasture picture and to see practical results," says M. U. Mounts, Palm Beach County Agricultural Agent.

THANKS FOR THE GOOD WISHES, SUH!

A letter addressed to the Police Headquarters in Belle Glade as follows, we think, deserves printing: "I do think this should be published, on every Post. On Monday night, March 9, some of Mr. Luther Jones Building Burnt down, and we were all ready paying from \$4.85 to \$6 dollars per week for rent, most all the people who lived in those building lost everything they had. So he has gone up \$1.00 dollar more on the rent. There is nothing in the room but one old bed and a table.

"Bath room is not fit for a dog to go in but we are Poor Hard Working Color People and had to do something to live.

"Please have this put in Belle Glade Herald Paper for next week.

"What Kind of Heart The Man Luther Jones got.

"May God help him for ever Stay rich.

No signature.

Actually one of the 89 rooms burned was rented for \$6.00, the others for \$4.85. The bath rooms referred to would not appeal to one's esthetic sense. The wicker forgot that there couple of benches to go with the table. Rents haven't been raised since '45.

The property doesn't belong to "Mr. Luther Jones" but to Miami clients of his.

The writer forgot to mention the thousands of dollars spent in improving conditions recently. Mr. Willis is being invited to St. Pete to tell Florida City Managers how he got these improvements done.

CINEMATIC CHATTER

By Malcolm Miller

Hello everybody! Here's one for the books. Kirk Douglas has come to the conclusion that there's no substitute for women. That information we have right from the star's own lips. "I'm here because of one woman," he says, "and a star because of several. Without them I'd probably still be waiting table at Schrafft's." It was when he worked as a waiter in New York City that Douglas was encouraged to keep on scouting drama coaches by two of the restaurant's regular customers. They were a duo of Broadway models named Diana Dill and Lauren Bacall who first brought him to the attention of Hollywood. His early life was far from a bed of roses for Douglas. Born Isaac Danielovitch some thirty odd years ago in Amsterdam, New York, he was raised in a family which provided a happy home for his seven youngsters but one devoid of luxuries. No amount of poverty, however, could stifle his ambition to act, and by hook, crook, sweat and elbow grease he worked his way to St. Lawrence College, where he became the first non-fraternity man to be elected Student Body President. He also starred in every college play from "The Good Hange High" to "Death Takes A Holiday."

HORSEPOWER INCREASED

Thirty years ago the average "Today the average farmer has 33 horsepower, or six times what he had in 1923," the Bureau added.

U. S. farmer with motor-powered equipment had only 5.5 horsepower at his disposal, according to the research department of the Florida Farm Bureau.

A lemon meringue pie will keep its shape when cold if you've dipped your knife in cold water before you cut the pie.

Americanized his name to the more convenient Lester. Monday. At the suggestion of Katharine Cornell, Broadway further simplified it to Kirk Douglas. But he in no way minimizes his humble origin. At a Hollywood party following the preview of "Champion," which placed Douglas in the steller coach look-alike competition, the gentleman commented on his dressed-up appearance. Douglas good-naturedly retorted: "Oh, I used to a taxi. I wore one every night at Schrafft's when I was promoted from a soda jerk to a waiter." See you at the movies. — Mal.

HIGHWAY PATROL BUSY WITH DRIVERS LICENSES

Last about one-third of the 81,549 persons who failed driver license tests last year, did so because they didn't know road and sign rules or flunked out on driver road test point deductions.

The State Safety Department's Driver's License Division reported today that 18,413 failed on road rules last year, but even at that, it showed a slight decrease from 17,828 the year before.

On road sign rules, 9,509 failed in 1952 compared to 7,577 the year before, a figure which showed an increase.

On driver test point deduction failures, the number rose sharply from 5,685 the year before to 12,120 last year.

Over all, there were a lot more drivers who passed their tests successfully last year than the year before. That total was, 143,357 passed in 1952, to 138,129 the 12 months period before.

The driver license examiners of the patrol drove 143,146 miles last year, inspected 118,874 miles and worked a combined total of 9,957 hours. They wrote 7,623 without driver permits.

TOUR OF CLOVERS AND GRASS PASTURES 25th

On Wednesday, March 25th, there will be a farm tour on pastures and clovers in the Everglades area of Palm Beach County. The meeting will begin at 2:00 pm, on the grounds of the Everglades Game Station where variety trials of many different grasses and clovers will be observed. The program with these grasses will be discussed at this time under the leadership of Dr. Robert J. Allen and Dr. V. E. Green of the Experiment Station.

Following the tour of the station plots Assistant County

Profile of a Good Job...

Here's a profile view of some of the things that make a telephone job a good job:

- Full pay while learning
- Regular increases
- Opportunity for advancement
- Vacations with pay
- Sickness and accident benefits
- A good pension plan

Telephone work is interesting and important — and telephone people are proud to furnish the service that ties the Nation together—in peace and war.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Entirely New Powerglide

Faster getaway by far—on far less gas

Now Chevrolet brings you an entirely new Powerglide automatic transmission with new power, new performance, new gasoline economy.

New automatic starting range—lets you flash smoothly away from a standing start with faster, more positive acceleration.

New automatic passing range for city driving—releases a great burst of pep—power at the touch of a foot.

Teamed with this new Powerglide is Chevrolet's new 115-h.p. "Blue-Flame" high-compression engine—the most powerful engine in the low-price class. This great new power team brings you MORE MILES PER GALLON CHEVROLET—the most important plus in gasoline economy in Chevrolet's history!

Why not see us for a demonstration? "Combination of Power"—the perfect combination of 115-h.p. "Blue-Flame" engine optional in "Two-Ton" and full size models at extra cost. Combination of Powerglide equipment and transmission is a new word in availability of material.

Entirely NEW through and through!
